

GMAT Waiver Policy

As a general policy, The John F. Welch College of Business requires the GMAT of all applicants, due to the analytical nature of the Master of Business Administration program. GMAT waiver requests for the MBA program are considered on a case-by-case basis and are based on a combination of advanced academic credentials with a substantial history of professional achievement. Waivers are not automatic for any candidate.

Process:

Decisions for GMAT waivers will be made by the MBA Director, as part of the application process. The applicant would start the process with Graduate Admissions. Once sufficient information is submitted, the MBA Director will perform a preliminary review and grant the waiver if appropriate, communicating the decision to Graduate Admissions. If a completed application is made, an admission decision will be made or the application will be held until a GMAT score is provided.
